The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-29 are rejected under 35 U.S.C. 102(b) as being anticipated Powar (7,028,008).

Powar discloses an automated remittance method comprising giving one or more bills in the form of one or more mail pieces to a bill recipient, placing a code by a creditor on one or more bills that references the bill recipient, the bill recipient's account number and amount due on the face of the mail piece, mailing the bill by the bill recipient, scanning the code on the mail piece, creating an electronic funds transaction for the amount indicated in the code between the bill recipient's bank account and the creditor's bank account, and transferring funds from the bill recipient's bank account to the creditor's bank account (col.4, lines 42-64 and col.5, line 45 to col.6, line 42); a first code that references the bill recipient's account number and amount due and a second code that references the location of the bill recipient (col.4, lines 42-64 and col.5, line 45 to col.6, line 42); the first code is a Planet code and the second code is a Postnet bar code (col.4, lines 42-64 and col.5, line 45 to col.6, line 42--codes contain all information applicable); indicating on the mail piece after funds have been transferred to the creditor's bank account from the bill recipient's bank account that the bill has been paid (col.4, lines 42-64 and col.5, line 45 to col.6, line 42); delivering the mail piece indicating that the bill has been paid to the bill recipient ((col.4, lines 42-64 and col.5, line 45 to col.6, line 42—well-known and practiced to send receipts to customers via mail); the first code references a record in a data base that references the bill recipient's bank account, amount due, the account being paid, and the second code represents the physical location of the bill recipient (col.4, lines 42-64 and col.5, line 45 to col.6, line 42); the first code indicates that an electronic funds transaction will take place (col.4, lines 42-64 and col.5, line 45 to col.6, line 42); code placed by the creditor indicates the

minimum amount that is due (col.4, lines 42-64 and col.5, line 45 to col.6, line 42); the code placed by the creditor indicates the entire amount that is due (col.4, lines 42-64 and col.5, line 45 to col.6, line 42); code placed by the creditor indicates an amount greater than the minimum amount that is due is going to be paid (col.4, lines 42-64 and col.5, line 45 to col.6, line 42); placing an indication on the bill by the bill recipient that indicates the amount greater than the minimum amount that is due is going to be paid (col.4, lines 42-64 and col.5, line 45 to col.6, line 42); and delivering a billing mail piece from a creditor to a bill recipient, the billing mail piece including a bill and a bill-paying return mail piece, receiving the bill-paying return mail piece mailed by the bill recipient, the bill-paying return mail piece having a code printed thereon that identifies at least one of the bill recipient and the bill an amount due on the face of the mail piece, recipient's account number and scanning the code on the bill-paying return mail piece, and initiating an electronic funds transaction for the amount indicated in the code from the bill recipient's bank account to the creditor's bank account (col.4, lines 42-64 and col.5, line 45 to col.6, line 42).

Response to Arguments

Applicant's arguments with respect to claims 1-29 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

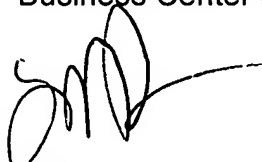

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
